Comments or Instructions: _____

Need any NEW blades & want to save on shipping cost? Please note the size below and we will ship them back with resharpened blades.

Qty	Diameter	Thickness	Bore	# Teeth	Application

Notes to the Customer:

Please make sure to package your blades carefully. Wrap all blades together and put them in a box with a proper fit and secure them with packing materials as needed.

We will grind all blades with geometry for cutting Mild Steel unless specified otherwise. If you have a preference, please put that in the comments. We will engrave the material type and the tooth count on each blade.

Please call or email with any questions (810) 694-0737 | tgrasso@gbind.com
